

Welcome to remote learning! I miss seeing and being with all of you. Let's make the most of this time and be as productive as ever. You are all capable and intelligent girls. I know you can meet the challenge of this interesting time that we live in.

First, you will find in our folder the answer key to Monday's homework. If you didn't remember that you had homework. That's ok. Go do it now. I've attached workbook pages, the percent sheet and the distributive property sheet. Your homework for Monday was page 37#15, page 41: 4-6, page 42: 1-4, Percent sheet H (last period) & T (both classes) and the Distributive property sheet: 2 (last class) and 3-6 (both classes).

After you go over your homework, if you have any questions, please don't hesitate to call me. My phone number is 410 764 3903, my e-mail is grw029@gmail.com. I am more than happy to hear from you.

Next, you would go over the Power Point that is attached. It has a voice over of me going over it. You run it and advance it either with your mouse or enter key. Make sure you play it so you don't know the answers ahead of time and play it with the sound on, so you can hear my instructions and direction in teaching these to you.

Your homework for this new work is: workbook page 41: 7-9, page 42: 5-8 and Distributive Property Sheet 7-10.

I would love to see pictures of how you are spending your time or tell me the one thing you really like about this break. I can tell you right now for me, it's that I get to spend some extra time with my grandchildren Kaily and Eitan.

What's the best thing you have done so far?

I'm looking forward to hearing from you.

Enjoy your time off.

Mrs. Weissmann
