

WHOM TO CONTACT DIRECTORY

Our philosophy at Bais Yaakov Middle School is that student success requires communication and collaboration. Whenever you have any concern, your first point of contact should always be the **teacher**. Teachers who are informed about their students' challenges will be more effective in resolving issues. Our teachers appreciate direct communication from parents. On Back-to-School Night, they will share with you the best way to contact them.

If things are still not settled, your next contact should be a **Grade Counselor/Coordinator of Students**. They will help resolve the issue and/or direct you to the appropriate **Administrator**. Our administrative team collaborates on a regular basis in order to discuss and solutionize around any challenges our students are having.

Please see the directory below for the contact information for our administrative team.
