Parshas Naso

Our alumnae say it best...

THE PRESCHOOL GARDEN PROJECT BECOMES A REALITY!

Just a year ago, we began clearing trees, brush, and vines for a new outdoor classroom garden. Under the ongoing supervision of **Mrs. Miriam Trout** and the support of **Mr. Binny Margolese**, this dream is becoming a reality. This past *Lag BaOmer*, we had the pleasure of once again hosting **Mr. Lenny Attman** for his annual visit. Mr. Attman was joined this year, by his nephew, **Mr. Ronald Attman**. We are very grateful to the Attman family for generously dedicating the beautiful outdoor classroom in memory of their mother and grandmother, **Mrs. Ida Attman A"H**. As Mr. Lenny Attman shared with the girls, *Lag Ba'Omer* was Mrs. Attman's birthday, and since she had no daughters of her own, she considered Bais Yaakov students her surrogate daughters.

Shavuos ProjectsIn addition to learning about

the *halachos* and *minhagim* of *Shavuos*, each girl created a beautiful art project to bring home. The **First Grade** created beautiful frames and napkin holders while the **Second Grade** assembled beautiful floral napkin rings. We thank the **PTA** for their sponsorship and support of these projects.

Cultivating Gardeners in the First Grade

Mrs. Aviva Marks's First Grade planted green bean seeds shortly after Pesach. The girls are keeping logs of their plants' growth. Each student authors and illustrates the log entries, which are shared on our hallway bulletin board.

Miss Raizy Dear's First Grade are growing plants as well. After learning about plants and what they need to grow, the girls put lima beans in a damp paper towel in bags near a sunny window. Each day, the girls checked on their seeds and recorded changes and growth. They watched as their seeds grew roots and began to sprout. The last step was to move their new plants into soil so that they can continue to watch them grow at home!

Biz Town

In honor of completing their money and government/economics units, the **Second Grade** made a mini "Biz Town!" Each class made a different store and the girls had a chance to work in their own store and shop in other stores. The girls all did an incredible job!

Mother's Day Keychains

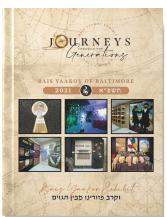

Our **Second Graders** created Mother's Day gifts to express their appreciation for all that their mothers do for them each day. The girls wrote beautiful notes on shrinky dinks, which were baked and made into key chains. This writing activity was enjoyable and fun. Thank you, again, to our dynamic **PTA** for the support they provide the school.

Brachos Barbeque

Mrs. Chaya Bracha Waldbaum challenged her Second Grade class to focus on their brachos between Pesach and Shavuos. The girls filled out charts with over 2,600 brachos made! Mrs. Waldbaum hosted a beautiful "brachos barbecue" at her home to celebrate their accomplishments.

Now available! Bais Yaakov Exhibit 2021 - magnificent, hard cover coffee table book! 100+ pages of full color text and photos! Click here to purchase.
