MIDDLE SCHOOL

ROBOTICS TOURNAMENT

Our **8th Grade** Robotics Team did it again with a first, second, and third place win at the Robotics tournament in Passaic, NJ in January. Due to the tireless efforts of our head coach, **Mrs. Rochelle Goldberg**, along with **Mrs. Meira Berendt** and **Mrs. Miriam Schechter**, our students have earned first place consistently for the third year in a row. More importantly, they learned invaluable lessons about teamwork, perseverance, and sportsmanship.

MUSIC RECITALS

Our **5th graders** have recently completed their first semester of music class, which culminated in a recorder recital. The confidence and poise with which our girls stood on stage to perform is truly a credit to our incredible music teacher, **Mrs. Sarah Sokolovsky**. We look forward to the spring recital at the end of the year.

BAIS YAAKOV SCOOP

The **Lower Middle School** newspaper, The Scoop, is back in business under the capable guidance of **Mrs. Tanya Gerstman**. Each Monday during lunchtime, the **5th and 6th grade** newspaper members meet with Mrs. Gerstman to discuss their columns. Our students have already enjoyed two installments of the newspaper, complete with interviews, *Divrei Torah*, comics, serial stories, and of course, the “trending” column.

SOS - SHUL ON SHABBOS PROGRAM

Many shul-goers might have noticed an influx of **7th graders** in their shuls these past few months due to the popular SOS (Shul on *Shabbos*) program. Approximately 85 girls spend a productive *Shabbos* morning each week davening in shul. Special thanks to **Mrs. Nusy Lefkowitz** and **Mrs. Brenda Sherman** for spearheading the program and the celebratory luncheon which featured an inspirational speech by **Miss Tehila Kibel** about the power of davening as a *tzibbur*.
