### LOWER ELEMENTARY SCHOOL

#### NURSERY BRACHOS SIYUM FIELD TRIP

Our **Nursery** girls have been learning and tasting their way through each of the *brachos* we make on food. As part of their *siyum* celebration the girls went on a brachos field trip to Market Maven, Goldberg's Bagels and Mama Leah's Pizza, and even brought back pizza for lunch! The girls enjoyed the trip on the big yellow bus, which for most of them was their first.

#### LEARNING ABOUT ANIMALS BY VISITING THE ZOO

Our resilient **Kindergarten** girls (and their parents) managed the disappointment of two rain cancellations for our trip to the Baltimore Zoo. Our indefatigable *moros* wouldn't give up on finding a clear day and the girls, their *moros* and our parent volunteers finally enjoyed a lovely early spring day discovering penguins, monkeys, otters and much more. We appreciate the unique qualities of each creature that *Hashem* has placed in our world. A very special thank you to the PTA for funding the buses for this learning experience.

#### GRADE 1 AND 2 ROSH CHODESH ADAR MISHLOACH MANOS BAGS

In honor of **Rosh Chodesh Adar**, our **First** and **Second Grades** fostered feelings of *achdus* and *simcha* by decorating masks, *Mishloach Manos* bags, filling them with food and exchanging them with classmates. The girls also colored and penned beautiful messages in over 300 cards that will be sent to Israeli Soldiers along with *Mishloach Manos*.

#### SCIENCE SHOWS WOW THE FIRST GRADE

Mrs. Simmy Mittleman and Mrs. Sharon Goldner presented a fascinating demonstration to our **First Grade** on sound, vibrations and telephones. Mrs. Mittleman has been presenting various scientific experiments to our students for the past few months to build curiosity about natural phenomenon. The girls were shown how sound waves travel and how we are able to hear on telephones. Mrs. Goldner also displayed her fantastic phone collection.

**March 21** – Taanis Esther Early dismissal  
**March 25** – Late start 12:30
